### FAMILY SUPPORT

---

Sometimes our parents or guardians need support. You may have complex or challenging situations which cause worry, stress and anxiety. These issues may impact on the family at home and reflect on your child's engagement with school. There is support for you through these established organisations.

Worcestershire Family Information Service (FIS) advisors give impartial information on childcare, finances, parenting and education. FIS are a useful source of information for parents and professionals. They support families, children and young people aged 0-19 years of age (25 for young people with additional needs) and professionals working with these families.

---

If you are a victim of domestic abuse and violence, or know someone who is, there is help available. The helpline is available 24 hours a day and is staffed by trained workers who can offer you support and advice.
